AI Tool Disclosure

I used the following AI tools in this project:

Tool	Purpose	Scope
Claude	Formatting code/suggesting variable names for code readability	Global
Claude	Formatting text and fixing typos	Global
Gemini/Claude	General explanations including error messages/debugging/needed R functions for problems	Global
Gemini	Explaining machine learning in R	04_analysis/model.R
Claude	Code generation (only implementation, not idea)	04_analysis/model_visualization.R: collapse_df function & building plot from plot_data
